

Subject: Domestic Content Certification for Solar Pole Mounts

To Whom It May Concern:

This letter certifies that the products listed below manufactured by MT Solar LLC meet the domestic content requirements necessary for compliance with federal, state, or other regulatory programs, as well as potential eligibility for domestic content-related incentives.

Product Description:

- Beam Series Solar Pole Mounts

Compliance with Domestic Content Requirements:

We hereby certify that the materials and manufacturing processes involved in the production of our solar pole mounts comply with the relevant provisions for domestic content under applicable U.S. legislation, including but not limited to eligibility for the domestic content bonus, as described in Sections 45, 45Y, 48, and 48E of the Internal Revenue Code. Specifically:

- **Sections 45 and 45Y** pertain to qualified facilities,
- **Section 48** covers energy projects, and
- **Section 48E** addresses qualified facilities and energy storage technologies.

This means that the domestic content bonus may increase the credit amount for such applicable projects, and our products qualify by meeting the requirements for domestic content specified therein.

As of the date of this letter, our solar pole mounts contain approximately 90% domestically sourced content by value, determined based on the following criteria:

1. **Materials and Components:**
 - Steel I Beams, pipe, tube, and plate, domestically sourced
2. **Manufacturing Labor:**
 - All fabrication, welding, assembly, and finishing are conducted within the United States by our workforce at 54179 Herak Rd, Charlo, MT.

Verification of Compliance:

Documentation supporting the claims and content percentages contained in this letter are available for inspection. We maintain detailed records verifying compliance with applicable regulations and the requirements for qualification under the specified sections.

We appreciate your support for domestically manufactured products. If further information is needed, please do not hesitate to contact us.

Sincerely,
Travis Jordan
Owner/CEO
